**ARCHITECTURE
KERRY**

BRINGING LIFE TO SPACES

Architecture Kerry is now in its fourth year and will celebrate Kerry's architectural heritage. This weekend festival is funded by Creative Ireland and Kerry County Council and features talks, virtual events, guided tours and exhibitions to showcase the extraordinary built environment on offer in Kerry and is open to people of all ages. The vision behind Architecture Kerry is to show why good architecture, design and vibrant public spaces are vital to our quality of life. Experience exciting opportunities to visit some hidden gems throughout the county with tours led by architects and owners.

Building Conservation

St. Mary's Church

Carrigafoyle Castle

| A KERRY BUILDING CONSERVATION *project* |

FRIDAY 24th & SATURDAY 25th SEPTEMBER

IN ASSOCIATION WITH

The Kerry Building Conservation Project is an ongoing project that celebrates Kerry's rich built heritage and deepens our connection to this heritage. As part of Architecture Kerry 2021, Kerry County Council with the support of the Trustees of Muckross House, will host a Traditional Skills & Crafts event at Muckross Traditional Farms on Friday 24th and Saturday 25th September 2021 from 1.00pm to 6.00pm.

Muckross Traditional Farms preserves in real life the farming traditions of rural Ireland in the past, where you can learn about traditional crafts and skills from practitioners in an inviting, comfortable setting.

Please come along if you would like to learn about:

- Thatching
- Dry Stone Walling
- Lime Plastering
- Blacksmithing
- Furniture Making

This event will be of particular interest to owners, custodians of traditional buildings in Kerry, conservation practitioners and building professionals who work with traditional buildings in Kerry.

Author Claudia Kinmoth (Irish Country Furniture & Furnishings) will attend Friday 24th September.

This event is funded by the Heritage Council & supported by Kerry County Council & the Trustees of Muckross House.

Open from 1.00pm (Demonstrations start at 2.00pm)

BOOKING ESSENTIAL- email: architecturekerry@kerrycoco.ie

Numbers to all tours will be restricted and events may be cancelled based on current public health advice at the time of the festival.

VIRTUAL TALK /

KINGDOM OF SKILLS - MATERIALS & METHODS

with IRISH GEORGIAN SOCIETY

Enjoy a series of traditional building skills talks brought to you by Kerry County Council, in partnership with the Irish Georgian Society, and funded by The Heritage Council for Architecture Kerry. Enjoy free access to specially commissioned online talks exploring the materials and methods used for the construction and conservation of Kerry's traditional buildings.

FREE ONLINE TALKS *Talks are pre-recorded and can be watched at any date up to Friday 15th October
Registration not required.*

Kerry's Vernacular Buildings

Their significance and survival by Barry O'Reilly, National Inventory of Architectural Heritage, Department of Housing, Local Government & Heritage.

Thatched Buildings

Materials, methods and repairs with reference to Kerry by Dr. Fidelma Mullane, cultural geographer specialising in the study and conservation of vernacular architecture.

Characteristics and Conservation of Traditional Slate Roofs

by Laura Bowen, Grade I RIAI Conservation Accredited Architect, and co-author of Department of Housing, Local Government and Heritage's Advice Series 'A Guide to the Repair of Historic Roofs'.

Traditional Timber Windows

History and conservation with reference to Kerry by Dr. Nessa Roche, Senior Architectural Advisor, Department of Housing, Local Government & Heritage and author of Department of Housing, Local Government and Heritage's Advice Series 'A Guide to the Repair of Historic Windows'.

The Importance of Using Lime in Traditional Buildings

with Una Ní Mhearain, Grade I RIAI Conservation Accredited Architect & Chairperson, Building Limes Forum Ireland.

Traditional Wrought and Cast Ironwork

History and conservation with reference to Kerry by Ali Davy, Historic Environment Scotland, & author of the Department's Advice Series 'The Repair of Wrought and Cast Ironwork'.

VIRTUAL TALK /

THE BIG HOUSES OF KERRY

This talk explores the social and historical impact of Kerry's Big houses including conversations with some of the descendants of Kerry's landlord classes. This recording by Maurice O'Keeffe will take you on a journey to all corners of the county where life in the big houses of the 18th, 19th and early 20th centuries are celebrated. You will see wonderful early images of these houses and their occupants from the mid-19th century onwards. The houses themselves, and their demesnes, have left a lasting impact on the modern Kerry landscape and society.

KINGDOM OF MODERNISM:
20TH CENTURY ARCHITECTURE IN CO. KERRY, 1900-1980

The wealth of architectural heritage in Co. Kerry offers an important reflection on the social, economic, and cultural history of this place and its people. The buildings of the twentieth century are particularly significant in telling this story as they illustrate the formative years of the new Irish state. This talk by architect Peter Luddy will focus on the development of modernist architecture in Kerry, examining how this new style emerged at the turn of the century and flourished until the 1980s. Featuring local examples of commercial, residential, religious, and other public architecture or infrastructure, it will reveal the great innovation and experimentation that occurred in design and construction during this period. This talk hopes to promote a greater awareness and appreciation of the modern built heritage that surrounds us.

DINGLE PENINSULA -A TRADITIONAL SUSTAINABLE ARCHITECTURE?

The vernacular heritage of the Dingle peninsula represents a tangible link to a culturally significant landscape. The structures reflect traditions and a deep understanding and respect of a people whose lives were determined by their proximity to the Atlantic Ocean. This talk will explore these traditions and how they have shaped our modern landscape. This talk by Karl O'Mahony will explore these traditions and how they have shaped our modern landscape.

TOURS /

 BUILDING TOURS

 VIRTUAL TOUR

All tour bookings and inquiries to be made directly with tour contacts. Parking, access, tour numbers and facilities vary.

• PRIOR BOOKING IS ESSENTIAL.

Please wear correct footwear and be advised that some sites may be uneven or physically challenging. Children must be supervised at all times and please note some sites may be unsuitable for young children. Kindly liaise directly with individual tour providers or festival organiser if you have any queries.

**FESTIVAL ORGANISER: Victoria McCarthy / Architectural Conservation Officer
Kerry County Council / architecturekerry@kerrycoco.ie / 066 718 3793**

Please note: Numbers to all tours will be restricted based on numbers and events may be cancelled based on current public health advice at the time of the festival. All attendees must adhere to current public health guidelines.

Please see our website architecture.kerrycoco.ie or our social media channels for any updates 

1. Muckross House

Killarney National Park, Killarney V93 CK73

TIME: **Saturday 25th & Sunday 26th September / 9.30am - 4.00pm**

TO BOOK CONTACT: **064 667 0144 / info@muckcross-house.ie**

Please book in advance and mention Architecture Kerry.

Visit Muckross House in Killarney National Park, home of the Herbert family - an exquisite 19th century Victorian mansion in the Jacobethan style. Self-guided tour only (entry will be restricted based on numbers).

2. Ross Castle

Ross Road, Killarney V93 V304

TIME: **Saturday 25th & Sunday 26th September / 12.00pm & 3.00pm**

TO BOOK CONTACT: **architecturekerry@kerrycoco.ie**

The tour will provide an outline of life in a medieval tower house and point out defensive features and some of the 16th and 17th century furnishings. Please be aware that the tour involves a climb up a spiral stairs for anyone with mobility issues. Entry will be restricted based on numbers.

3. Aghadoe Coach House

Aghadoe House, Knoppoge, Aghadoe, Killarney

TIME: **Saturday 25th / 11.00am**

TO BOOK CONTACT: **architecturekerry@kerrycoco.ie**

Aghadoe House was built as 'Meenisky' by Payne for Lord Headley in 1828. Its coach house, impressive in scale, shows the design quality of buildings associated with a 'Big House'. The Coach House is now to be incorporated into a new whisky distillery with more modern style buildings to complement the older building. Grafton Architects are leading the project. This tour will focus on the preservation techniques to be applied to this building.

4. St. Mary's Church

Windows & Architecture Fit for the Tourist

Kenmare Place, Killarney, V93 CDOO

TIME: **Sunday 26th September / 3.00pm**

TO BOOK CONTACT: **architecturekerry@kerrycoco.ie**

Centrally located in Killarney the church was rebuilt in 1870 with the tourist/visitor in mind. The stained glass windows are a co-ordinated set in beautiful vibrant colours installed in 1880. The architecture and decoration are very attractive and the acoustic lends itself to a regular concert programme. A building redolent with local history and humour.

5. Valentia Island Lighthouse

Cromwell Point, Valentia Island V23 P680

TIME: Sunday 26th September / 10.30am-4.30pm

TO BOOK CONTACT: Lucian Horvat / 087 172 7864

lighthouse@valentiaisland.ie / www.valentialighthouse.ie

Please contact to book in advance and mention Architecture Kerry.

Embrace the rugged and exposed elements of the south west coast of the island of Ireland and peek into what life was like for lighthouse keepers and their families on Valentia Island keeping watch over the North Atlantic. The Lighthouse Tearooms are also open. Tea/Coffee, Cake, Snacks and Soft drinks are available.

6. Valentia Slate Quarry

Dohill, Valentia Island, V23 XY99

TIME: Sunday 26th September / 11.00am

TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Valentia Slate opened in 1816 and continues in operation. It is the only slate quarry remaining in Ireland, the only underground quarry in Ireland, the oldest unchanged business premises in Ireland and the most westerly quarry in Europe. The quarry produces lowest carbon construction and furnishing products. This tour is about the history, heritage and operations of the quarry. This is a working quarry so kindly wear appropriate clothing and footwear.

7. Ballyhearny House

Biodiversity in the Built Environment:

A Tour combining Historic Buildings and Natural Heritage

Ballyhearny East, Valentia Island, V23 CX83

TIME: Sunday 26th September / 2.00-3.30pm

TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Ballyhearny House is a late eighteenth or early nineteenth-century structure probably built originally as a dwelling and serving, according to local knowledge, as a fever hospital in the mid 19th century. The building retains much of its original architectural interest value as a historic dwelling of scale and as part of a traditional farm complex. This tour includes a conversation with Linda Lyne, a Zoologist and Knowledge Gatherer working with UCC's LIVE Project, who will talk about wildlife in traditional farm buildings, such as bats and lizards.

This event is supported by the Biodiversity Office, Kerry County Council.

8. Derrynane House

Doire Fhionáin Mór, Cathair Dónall, Co. Chiarraí, V23 FX65

TIME: Saturday 25th & Sunday 26th September / 12.30pm & 2.30pm
Audio-Visual & Self Guiding Tour • Tea Room open for light lunch
TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Visit the home of Daniel O'Connell at Derrynane House and explore its beautiful gardens. Main house is an addition dated 1825 with some gothic features.

9. Church of the Transfiguration

North Square, Sneem, Co. Kerry, V93 AX84

TIME: Saturday 25th September / 2.00 - 3.00pm
TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Believed to have been built in 1810, the Little Church is quite unlike traditional parish churches of the era, looking more at home in California than in the southwest of Ireland. We know little of the architect or his approach -although since it is totally different in plan and aspect to traditional church buildings, perhaps the 'boat' shape is intended to refer to Noah's Ark, the fishing boat of the disciples, or the fact that Sneem is a small port.

10. Derreen Gardens

Exploring the Influences that led to the creation of this amazing place

Derreen, Lauragh, Co. Kerry. V93 E5A4

TIME: Saturday 25th September / 10.30am - 12.00pm
TO BOOK CONTACT: architecturekerry@kerrycoco.ie

During the tour we will discuss the external influences throughout garden history generally that helped inspire the creation of Derreen. We will look at some of the remaining views and vistas that hint at the 'bigger picture' in the landscapes design.

The tea-room will be open at 10am on the morning of the tour.

11. Ballylongford Village Tour, Lislaughtin Friary and Carrigafoyle Castle

*Princes, Friars & Merchants:
Exploring Ballylongford's Medieval Heritage*

TIME: **Saturday 25th September / 2.00pm - 4.00pm**
TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Tour guided by Dr. Declan M. Downey, RAH (University College Dublin)
Meet outside St. Michael's Church, Bridge Street, Ballylongford

Ballylongford, originally a Viking luíngphoirt or naval base, emerged in the 15th century as the centre of one of the most important Gaelic lordships - the Barony of Iraghticonnor / Oíreachtaí Uí Chonchubhair, in Ireland. The early nineteenth century mercantile houses, stores and mill, and a splendid cut-stone neo-Romanesque church in the village, are complemented by nearby medieval buildings in remarkably excellent condition such as the impressive harbour-castle of Carrigafoyle (unique in Ireland), the magnificent Franciscan friary of Lislaughtin, the elegant churches of Aghavallen, Killelton, Carrig Island, and Killnaughtin - having the largest concentration of existing medieval buildings within a 3 mile radius in Kerry. This tour will concentrate mainly on Lislaughtin and Carrigafoyle.

Please bring suitable clothing for adverse weather conditions and wear strong shoes/boots as the ground conditions can be uneven underfoot, particularly graveyards.

12. Listowel Town Centre

The Stuccowork of Pat McAuliffe of Listowel

TIME: **Sunday 26th / 2.00pm - 3.30pm**
TO BOOK CONTACT: architecturekerry@kerrycoco.ie
Meet outside the Listowel Arms Hotel, The Square, Listowel

Pat McAuliffe lived and worked in Kerry from 1846 to 1921. In a career as a builder he applied exterior plaster, or stucco, upon shop fronts and townhouses. From the 1870s onwards he began to develop an ambitious and often exuberant style, using a broad range of elements culled from the vocabulary of classical architecture and ornament while exploring an eclectic mix of art nouveau, Celtic and Byzantine influences. Join artist Sean Lynch for a tour of McAuliffe's remaining facades, with local anecdotes and the social histories associated with their construction.

13. Lixnaw Village Tour

See the remains of a Baroque Designed Landscape in Kerry and its wonderful Canal System

TIME: **Saturday 25th / 12.00 noon**

TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Meet at Lixnaw GAA Club Car Park, Lixnaw V92 FH70

Join Kay Caball and members of the Lixnaw Heritage & Historical Society to explore the architectural, historical and social heritage of Lixnaw, home to the Earls of Kerry, the Fitzmaurices. A fascinating event where the remains of a 17th century Baroque landscape are still visible in the village's scenic canals. The tour will involve a walk along public roads so children must be supervised at all times. Kindly wear appropriate footwear.

14. Kilmalkedar Church and Graveyard/ Cill Maoilchéadair, Dingle

Tour of Kilmalkedar Romanesque Church, graveyard and nearby buildings in association with the Kerry Archaeological and Historical Society (www.kerryhistory.ie)

TIME: **Sunday 26th / 2.30pm**

TO BOOK CONTACT: architecturekerry@kerrycoco.ie

Meet and park at New Cemetery (150m west of the site, Kilmalkedar, Dingle)

Kilmalkedar Romanesque church still retains beautifully carved stonework. Built in the mid-12th century, it sits within the site of an earlier monastic foundation, and relics of this period (ogham stone, sundial etc.) are to be seen. Nearby buildings (the Priest's House, St Brendan's oratory, the Chancellor's House) were all associated with the site at different periods in time. Please bring suitable clothing for adverse weather conditions and wear strong shoes/boots as the graveyard can be uneven underfoot.

EXHIBITION / RIAI IRISH ARCHITECTURE AWARDS, 2021

Enjoy a virtual exhibition showcasing the 2021 winners of the Irish architectural awards by the Royal Institute of Architects of Ireland (RIAI). The awards recognise the quality of work carried out by RIAI members in 2020 and highlight the contribution that Irish architects make to society for everyone's benefit. A must-see for anyone interested in modern architecture and the best of what is being built around the country.

Winners and Highly Commended www.riai.ie/whatson/news/riai-announce-winners-of-2021-riai-awards

Castles, Clay & Concrete

Renovation, extension, reuse and conservation of Kerry's built environment

As part of this year's Architecture Kerry programme, these virtual tours include a 1980's bungalow renovation and 2020 Kerry Home of the Year Finalist, where a most extraordinary standard of carpentry and finish can be seen; an architect-designed extension and renovation of a traditional single storey house on the Dingle peninsula and a 21st century new build where space, light, orientation and finish have been expertly executed.

If you were ever curious about what lies behind convent walls, you can enjoy a virtual tour of a former Mercy convent in Tralee where architecture and social interest intercept.

Finally, the closing chapters of Flesk Castle, Killarney, will be uploaded for this year's Architecture Kerry. Enjoy stunning imagery from Valerie O'Sullivan and an interview with conservation architect Karol O'Mahony about Flesk Castle and its architecture and history.

Architecture at the Libraries

From Clay to Concrete

THE BUILDINGS THAT MADE/SHAPED KERRY

Learn about buildings and their builders at Kerry libraries during Architecture Kerry week from 20 - 27 September. Visit your local library and browse and borrow books relating to Kerry's buildings. Discover how Kerry was made!

KERRY LIBRARY ARCHIVES

In support of the Festival, Kerry Library Archives presents a selection of views of iconic buildings from around the county, taken from its extensive postcard collection.

To view, please log on to www.kerrylibrary.ie/local-history--archives

KERRY LIBRARY LEGO Building Competition

with Architecture Kerry

To celebrate Architecture Kerry 2021 Kerry Library would like the children of Kerry to

1. Use their imagination and build a LEGO creation inspired by the theme 'The Kingdom'
2. Use their imagination to design and build a public building for the future in LEGO
3. Recreate a piece of Kerry architecture in LEGO

HOW TO ENTER

- Use your own LEGO or compatible plastic bricks to build your original creation at home.
- Take photos of your creation and email them to **competitions@kerrylibrary.ie** including:
 - The title of your piece
 - A short description of the build
 - Your name
 - Your age
 - A parent/guardian's name and contact phone number.
- Closing date for the receipt of entries is 29 September 2021.

TERMS & CONDITIONS

- Competition is open to primary school children
- Only one creation per person may be entered
- Designs must be original
- Constructions made from specialty themed LEGO kits will not be eligible but elements from specialty kits may be used in original designs.
- By entering the competition you are giving Kerry Library permission to use the images of your creation exhibition, documentation, research and publicity purposes, including Kerry Library and Kerry County Council approved websites and social media.
- Judges' decision will be final

PRIZES WILL BE AWARDED IN 4 CATEGORIES

- 5 years & under
- 8 years & under
- 9 years & over
- Audience Favourite (all entries will be posted on the Kerry Library Facebook page and people asked to like the picture of their favourite. The picture with the most engagement by a certain time and date wins).

PRIZES: Book tokens will be awarded to winning entries!

For further details on how to enter: **competitions@kerrylibrary.ie**

The School of Irish Archaeology

Tralee Town Park (Left of Ashe Memorial Hall)
 TIME: 25th & 26th September (All ages)
 TO BOOK: Contact Sandra,
 Kerry County Museum, Tel. 066 712 7777

Dig for ancient Viking treasure at Kerry County Museum. Put your hard hat on and get your hands dirty to experience life as an Archaeologist. So come and join the Big Dig on the grounds of Tralee Town Park (left of Ashe Memorial Hall) across from Kerry County Museum. Families will get to take part in their very own simulated 40 minutes archaeology excavation.

It promises to be a fun-packed family event where children will get a chance to discover how archaeologists excavate and hopefully find some artefacts.
 (BOOKING IS ESSENTIAL)

DigiWiz

Robots & Robotics Online Workshops *with Digiwiz*

Build your very own Robot that moves!

TO BOOK: www.digiwizkits.com

The DigiWiz Crawling Gecko (Age 6-10 years)

DigiWiz Crawling Gecko Robot adopts a worm and gear transmission system, simulating the crawling method of a lizard. A remote-control box is used to control the advance and retreat of the lizard. There are two buttons on the control box, one for outputting forward current after pressed, the other for reverse current. They are used to control the motor's forward and reverse rotation and thus control the advance and retreat of the lizard.
<https://youtu.be/Kb4CljW1cVQ>

The DigiWiz Fan Car (Age 10 +)

The DigiWiz Battery Powered Fan Car creates wind energy power, which does not consume fuel but creates high pressure air to drive the car forward. This wind power car utilizes the reaction of airflow generated by the running impeller blades to drive itself forward. <https://youtu.be/c6rSv-FuNok>

DigiWiz Art Drawing Robot (6-10 years)

The DigiWiz Art Drawing Robot: When combining a battery box, a switch and a motor together, you end up with a spinning rocker, which makes the Robot vibrate with speed. The centre of gravity and the rocker device are purposely set off centre meaning the robot makes random patterns and designs through the attached coloring markers.
<https://youtu.be/D5gEUqRHnHA>

The DigiWiz Electric Tank (Age 10+)

Want to learn about Kinetic Energy? Well this is the project for you. The DigiWiz Tank works when the motor is used to convert electrical energy into kinetic energy which is then transmitted through the gears and drive belts, so that the four wheels turn simultaneously to drive the tank forward.
<https://youtu.be/6EQdkHvo9Lo>

Children's Online Workshops

with **Makermeeet.ie**

BOOKING FOR ALL WORKSHOPS AT: www.makermeeet.ie/events

Link to LiveStream and requirements will be emailed prior to the event.

PAPER TOWER CHALLENGE

Friday 4.00pm & Saturday 11.00pm • Age 5+

Duration: 45 minutes

Join us to build the tallest tower you can - out of paper! This project is an ideal challenge to begin learning about building, structure, weight, balance and durability. The only thing is... you can't use any adhesives - just paper! (Oh, and did we mention that it needs to hold 1KG!)

CUP STACKING CHALLENGE

Sunday 1.00pm & Sunday 11.00am • Age 7+

Duration: 45 minutes

Grab some cups and another person and see how tall you can build a stack of cups... there's only one catch... you can't touch the cups!

3D MODELLING

Saturday 3.00pm • Age 10+ • Duration: 60 minutes

A workshop introducing 3D Modelling. Explore simple 3D modelling for free online! Keep your models and view them in AR (Augmented Reality) but note a mobile device is required.

MAKE A BUILDING YOU CAN EAT!

Sunday 1.00pm • Age 5+ • Duration: 30-60 minutes

Using edible materials build a house, tower, or any structure... then eat it! All materials will can be found in most home or shops.

ARCHITECTURE KERRY BREAKOUT

Sunday 3.00pm • Age 8+ • Duration: 30-60 minutes

Games, architecture, puzzles, styles, questions, structures and mysteries! What could be better? A digital Escape-Room Game where participants will explore a virtual Architecture Kerry world. They will need to solve different puzzles (by using the internet to look for answers) in order to complete the game!
